

Winding Drum 5442L Specs

Standard 5442L Package Specs

- Rails stack on rear side of elevator shaft
- 54" wide x 42" deep platform size, 96" height
- 1" Finished floor allowance, 3/4" plywood sub-floor
- Stainless steel platform
- Single LED cab light, automatic on/off
- Brushed stainless steel fixtures
- Integrated emergency phone
- Standard paint grade unfinished walls
- Clear panel, silver accordion gate
- Honeywell door interlocks
- Swing doors and jambs by others
- Battery lowering with emergency lighting

Available Options

- Four LED lights
- Automatic gate opener
- Clear accordion gate

Number of landings: 2
 Door swings: 0 LH, 0 RH
 Cab height: 96"
 Cab finish: Unfinished wood
 Cab style: Standard flat wall

Elevator Shaft Requirements

Pit: 12"
 Width: 60" max.
 Depth: 54" min., 60" max.

Minimum Overhead Clearance

Cab	Overhead
82"	104"
96"	117"

Winding Drum 5442L Rail Bracket

Attach via 3/8" x 4" lag bolts for wood
or 3/8" x 5" wedge anchor for concrete

Double stacked 2x12
with 2x4 end caps running
the full vertical length of
the rail support wall

WINDING DRUM Specifications

MODEL	WD-9500
CAPACITY	950 LB
SPEED	40 FPM (Nominal)
DRIVE	3 HP Gear motor with brake, 220VAC, Winding drum
SAFETIES	Instantaneous type "A" slack cable
DOOR LOCKS	Electromechanical, Honeywell Relialign Interlocks
ELECTRICAL REQUIREMENTS	110VAC 15AMP Dedicated circuit fed through disconnect 220VAC 30AMP Dedicated circuit fed through disconnect
CONTROL SYSTEM	PLC controller, VFD motor control, optical sensor landing system

General Notes

Manufactured in compliance with ASME A17.1.5.3 National Safety Code
For Elevators and Escalators and NEC

Work by Others

Plumb, square and legal hoistway built to match shop drawings with adequate support and door opening in line.
220vac, 30 amp dedicated circuit fed through lockable fusible disconnect
120vac, 15 amp dedicated circuit fed through lockable fusible disconnect
(disconnects must be adjacent to elevator controller location)
Dedicated phone line located adjacent to elevator controller
